## Summit Christian Academy Celebrates International Education Week

(Lee's Summit, MO) – Summit Christian Academy (SCA) is celebrating their fourth-annual International Education Week. As a part of SCA's commitment to building a global community throughout the school, K-12 students are engaging in educational opportunities including games, presentations, and global cuisine from across the globe.

“We want our students to leave here with not only a Biblical world-view, but a Biblical view of the world,” shares SCA's International Program Director Kathy Tharp. “It is with much intention that we create opportunities for students to become more globally aware.”

SCA has educated students from countries including South Korea, China, Switzerland, Spain, Russia, and Venezuela. SCA's secondary international students are given the opportunity to share their home country and culture with their fellow SCA students by giving a variety of topical presentations to both secondary and elementary classes.

“I am so proud of our International students. It takes a lot of courage to share their lives and culture with us, in their second language,” commented High School History Teacher Ruth Terry. “I am thankful that they share with us and provide an opportunity to broaden our perspective!”

Established in 1989, SCA is celebrating 25 years of providing excellent academics in a Christian environment to the Kansas City metro area. SCA is an independent, nondenominational Christian school serving over 730 preschool through high school students. Located on a 36-acre campus, SCA holds dual accreditation through North Central Association and Association of Christian Schools International.
