

SUMMIT

CHRISTIAN ACADEMY

The mission of Summit Christian Academy is to inspire students to achieve their God-given potential through excellent academics and Christian training in a compassionate environment.

TECHNOLOGY VISION STATEMENT FOR STUDENTS

SCA graduates shall be responsible and creative godly digital citizens prepared to use emerging technologies to enhance their academic education and the lives of those around them.

TECHNOLOGY VISION STATEMENT FOR FACULTY

Faculty shall implement technology to maximize efficiency, stimulate creative and critical thinking, and prepare students to be godly citizens in a digital world. Emerging technology will be used so more energy and resources may be focused on student learning.

TECHNOLOGY RATIONALE

For students to achieve their God-given potential, our training must be relevant and forward-thinking using the tools of today in preparation for tomorrow.

To HAVE the newest technology is not the objective.

The objective is to USE technologies as an accelerator to enhance learning and to develop the next generation of leaders that influence culture.
